Company Profile

Responsive, flexible
cost effective:
All the qualities you
need for a well
managed project..
Powerwaves also
maintains the
quality and customer
care you'd expect
from others fronting
your Projects.....

Established in 1994, Power waves is based in Goa,
with its registered office in Anjuna and a secondary
office #407,Edcon Solitaire, Mapusa Goa

We specialize in complete consultancy for electrical infrastructure
services to commercial, Industrial and Public
developments. We also carry out engineering consultancy solutions
to existing electrical installations.

Our experience ranges in Projects with a value in excess
of Rs 4 Crores to small projects, tailored to our
clients need.....We deliver.

In-house services include electrical consultancy for LV
electrical installations, MV electrical installation,
HV cabling and switchboards, normal and emergency
lighting, general power systems, earthing and lightning
protection and general electrical refurbishment.

We are a small independently run company, that boasts
a capable and dedicated work force, from contractors on
site, through to the office staff. We pride ourselves on
delivering a first class installation

It is the company's attitude and ability to complete the assignments
on-time and within budget, that gives Powerwaves an edge
and an enviable reputation and ensures that we retain client's, year
on year, projects after projects.

We offer warranted cabling solutions and certified electrical
installations. We are fully certified and compliant to Govt
regulations, which gives you, the customer quality assured
peace of mind.

Powerwaves employs highly trained experienced electrical engineers, staff and operatives who design and incorporate the latest technical innovations, to provide engineering solutions, to fulfill client aspirations taking into consideration latest energy saving technologies.

We are a professionally managed company with a mission to provide specialized services in the electrical design industry and ensure value for money invested by our esteemed customers.

In all our undertakings we offer a strong Commitment to Quality, Health & Safety, and Training and Environmental issues. This positive attitude has, we modestly claim, gained us a good reputation and has resulted in repeat business from many satisfied clients.

We believe that partnering with our customers is critical to our success ,in measuring the success of our projects to our customer's satisfaction,building the basics of good organization leads to reduced costs with overall improved results

Our key professional Er. Wavell Furtado passed his Diploma in Electrical Engineering from GPP,Goa and B.Tech in electrical engineering from SCET,Pune has an extensive exposure and experience in the field of electrical engineering and project management by designing , negotiating contracts, preparing schedules, orders, reviewing progress and ensures the project is completed timely.He had been a Director of Just Technical Solutions LLP .He has been able to remove obstacles, such as worker and operational disputes and facilitated all contractors working together to make sure the job runs smoothly.. He has successfully led his team to design ,complete many time bound projects for our clients.He worked under the guidance of very reputed senior electrical consultants Er D K Methre and Er Lawrie Castelino. He is also an associate engineer of Joshi Engineering Consultancy (Goa's leading MEP Consultants).

We endeavour to discharge our abilities in the field of electrical engineering, learn and grow with our clients. Hope to get an opportunity to be a part of your team.

Thank you
